

The floor plan is divided into four main sections, each labeled with a tree name and capacity: **Berk, 48 personen**, **Linde, 48 personen**, **Beuk, 48 personen**, and **Eik, 48 personen**. Each section contains a grid of rooms, some labeled with '10p.', '8p.', or '2p.' indicating their capacity. Common areas include 'eetzaal' (dining hall), 'keuken (pantry)', 'lounge', and 'buitenberging' (outdoor storage). Service areas like 'douche', 'wc', and 'techniek' are also shown. The plan includes a central corridor and a 'logistiek (laden/lossen)' area. The building is surrounded by greenery, with 'talud, groendak niet-begaanbaar' (slope, green roof not walkable) noted on the sides. The plan also shows 'open houtconstructie met zeildoek' (open wood structure with sailcloth) and 'werk' (work) areas.
